### JOURNEYMAN ELECTRICIAN CERTIFICATION – COST CODE 7631

**Reason for Credential:** A person who holds a credential issued by the department as a certified electrical contractor, certified electrical contractor-restricted, certified master electrician, certified journeyman electrician or certified beginning electrician may perform electrical construction work in a municipality which requires licensure to perform electrical work pursuant to s. 101.87 (2) to (4), Stats., and in accordance with local ordinances. Chapter Comm 5 establishes a statewide certification of electricians in various classes, master, journeyman and beginning, recognizing their knowledge and abilities. When an electrician certification is required and what category of certification is needed are determined by individual municipalities.

A person holding a journeyman electrician certification may apply without examination for a UDC-electrical inspector certification.

**Requirements of Credential:** No person may advertise as a certified electrical contractor, certified master electrician, certified journeyman electrician or certified beginning electrician unless the person holds the appropriate credential. A person who holds the credential shall carry on his or her person the credential issued by the department while performing or conducting the activity or activities permitted under the credential.

**Education Hours Required to Renew:** The renewal of a journeyman electrician certification, with an expiration date after June 30, 2007, shall be contingent upon the person obtaining at least 24 hours of acceptable continuing education by March 30th of the year their credential expires. A person who holds a credential as a certified journeyman electrician may apply to the department for waiver of the continuing education requirements on the grounds of prolonged illness or disability or similar circumstances. Each application for waiver shall be considered individually on its merits by the department. A person who initially obtained his or her journeyman electrician certification by completing an electrical apprenticeship and whose request to renew his or her certification is denied because of the failure to fulfill the continuing education requirements shall be required to take and pass the certification examination in order to reacquire the journeyman electrician certification.

## **APPLYING FOR JOURNEYMAN ELECTRICIAN CREDENTIAL**

A person may obtain a credential as a certified journeyman electrician by either one of the following:

- Method 1      Completing the necessary hours of experience and taking and passing the journeyman electrician certification examination.
- Method 2      Submitting evidence of completing an electrical construction apprenticeship program and the program has been recognized by the department under ch. 106, Stats., and the federal department of labor.

Apply for the credential by following the instructions for either method 1 or method 2.

### **METHOD 1 - Hours of Experience and Examination**

**Application and Exam Fee (nonrefundable):** **\$65.00**                      class code 7631

Make checks payable to: Department of Commerce. The fee consists of a \$35 application fee and an exam fee of \$30. When the exam is passed, the applicant will be asked to pay a \$100 credential fee which will be prorated because the credential expires on a specific date. The credential, which will be issued after the exam is passed and the prorated credential fee paid, will be effective for 4 years from June 30<sup>th</sup>. Office location: 201 W. Washington Ave, Madison. Mailing address: PO Box 7082, Madison, WI 53707.

**Qualifications for Examination:** A person applying for a journeyman electrician certification examination shall have at least 1,000 hours per year of experience for at least 5 years in electrical construction work. If a person has successfully completed semesters in a school of electrical engineering or other accredited college, university, technical or vocational school in an electrical-related program, the applicant may claim 500 hours of experience for each semester up to a total of 2,000 hours and 2 years toward the required experience.

If the experience you gained spanned more than 12 consecutive months use a separate row for each 12 month period. The Time Period does not have to be consecutive years from one row to the next. In the Time Period column fill in the beginning month and year and the ending month and year in which the experience hours were completed. In the Experience Hours column fill in the number of hours claimed for that time period but do not record more than 1000 hours in the column even if you worked more than 1000 hours. If the hours were witnessed by more than one person, the hours witnessed by each person must be filled in on separate rows. Photocopies of this page may be made if you need additional room or would like to mail to witnesses to sign. The witness must have observed or had knowledge of the number for work hours performed in electrical construction. Electrical construction means the installation of electrical wiring. Electrical construction does not include the maintenance, repair or fabrication of electrical equipment or the installation of electrical wiring and equipment covered by ch. PSC 114.

Time Period		Experience Hours	Hours Witnessed by (please print or type)	Signature of Witness	Telephone Number of Witness
Began Month/Yr	Ended Month/Yr				

For each semester in a school of electrical engineering or an electrical-related program, specify the beginning and ending date of the semester, record 500 hours of experience, write the name of the school, and **ATTACH** a copy of the official transcripts from the school to this form. Photocopies of transcripts will not be accepted. No experience hours should be recorded if official transcripts are unavailable. This must be full-time schooling, not part time or evening classes.

Time Period		Experience Hours	Name of School
Began Month/Yr	Ended Month/Yr		

In order to obtain the credential the applicant must obtain a score of at least 70% on an examination. The exam will cover information contained in chapters Comm 5 and Comm 16 (Electrical Code-Vol. 2), Wisconsin Administrative Code and the 2005 National Electrical Code. The exam is open book. Copies of current Wisconsin Administrative Codes may be obtained from Document Sales @ (608) 266-3358 or @ (800) 362-7253. Copies of current National Electrical Codes may be purchased from the National Fire Protection Association @ (800) 344-3555.
